

# Blueberry Hill

I found my thrill on Blueberry Hill, C F C  
on Blueberry Hill, where I found you. G C F C  
The moon stood still, on Blueberry Hill, F C C  
and lingered until my dreams came true. G C F C

The wind in the willow played G C  
love's sweet melody, G C F C  
but all of those vows we made, D7 G  
were never to be D7 G

Though we're apart, you're part of me still, G7 F C  
for you were my thrill on Blueberry Hill. G C F C
