[Verse 1]

Deštivý den, den samé bláto  
vyjít si ven, nestojí za to  
ono to zmrzí, odmítat s díkem  
za každým druhým rohem pána s deštníkem.  
Venku to šplíchá a bez ustání  
svou hlavu línou já dám do dlaní  
mé srdce vá--há, nudě se zdrá--á---há  
můj celý život se mnou klouže  
z bláta do louže.

[Interlude]

[Verse 2]

Some of these days, you gonna miss me honey,  
Some of these days, you gonna be so lonely.  
You'll miss my hugging, you'll miss my kisses  
You're gonna be sorry, when I am away.  
Now you gonna be lonely just for me only,  
cause you know honey, that you've had your way.  
And if you leave me, you know it's gonna grieve me;  
You'll miss your little honey some of these days.
