

# Strangers in the night

Strangers in the night                      exchanging glances  
Wondering in the night  
What were the chances we'd be sharing love  
Before the night was through

Something in your eyes was so inviting  
Something in your smile was so exciting  
Something in my heart told me I must have you

Strangers in the night, two lonely people  
We were strangers in the night  
Up to the moment when we said our first hello

Little did we know  
Love was just a glance away  
A warm embracing dance away

And ever since that night we've been together  
Lovers at first sight, in love forever  
It turned out so right for strangers in the night

Love was just a glance away  
A warm embracing dance away

Ever since that night we've been together  
Lovers at first sight, in love forever  
It turned out so right for strangers in the night
