Autumn Leaves

```
Dmi A7 Dmi
                    C7
             Gmi
The falling leaves
Drift by my window.
                   Α7
                                Dmi
             Gmi
The falling leaves of red and gold.
            Gmi C7
I see your lips,
the summer kisses,
               Gmi A7
                                Dmi
the sunburned hands I used to hold.
[Chorus]
           A7
Since you went away
               Dmi
the days grow long
               Gmi C7
And soon I'll hear old winter song
                                       Dmi/C B
             A7
                                Dmi
But i miss you most of all my darling
Gmi
             Α7
                              Dmi
When autumn leaves start to fall
[solo kytara]
[Chorus]
Since you went away
the days grow long
And soon I'll hear old winter song
But i miss you most of all my darling
When autumn leaves start to fall
I miss you most of all my darling
When autumn leaves start to fall
[solo kytara]
