C C/G E7 Am D7 Dm7 G7

[Verse 1 – A]
```
                    C            Cmaj7
You give your hand to me
                   C            C7
and then you say, "Hello."
              F
and I can hardly speak,
           Cdim7
my heart is beating so.
        C              A7
And anyone can tell
               Dm7           G7
You think you know me well.
                  Emi7    Ami7 Dmi7 G7
Well, you don't know me.
```

[Verse 2 – B]
```
No you don't know the one
who dreams of you at night
and longs to kiss your lips
and longs to hold you tight
To you I'm just a friend,
that's all I've ever been.
                    C      F   C    C7
Cause you don't know me.
```

[Chorus – C]
```
F          Cdim7  C                    A7
For I never knew the art of making love,
Dm7         G7                 C            E7
Though my heart aches with love for you.
Ami              Emi             A7
Afraid and shy, I let my chance go by.
D7                             G  G+
A chance that you might love me too.
```

You Don't Know Me

[Verse 3 – B]
You give your hand to me,
And then you say, "Goodbye."
I watched you walk away,
Beside the lucky guy
Oh, you'll never know
The one who loved you so.
Well, you don't know me

[solo – B]

[Chorus – C]
```
F               Cdim7  C                      A7

Afraid and shy, I let my chance go by.
