Something Stupid

[Intro]
```
 Am      D7      Am      D7      G
```

```
     G                 G6
I know I stand in line until you
  G                 G6               Am                      D7
think you have the time to spend an evening with me
     Am            D7              Am                  D7
And if we go someplace to dance I know that there's a chanc
             G                 G6     G     G6
you won't be leaving with me
     G                 G9           G                 G9
And afterwards we drop into a quiet little place
         Cm6                 Cm
And have a drink or two
     Am              D7            Am              D7
And then I go and spoil it all by saying something stupid
         G     G6     G     G6
like I love you
```

```
     G                 G9               G                 G9
I can see it in your eyes that you despise the same old lir
         Cm6
you heard the night before
     A
And though it's just a line to you for me it's true
         D7
and never seemed so right before
```

```
   G           G6           G           G6
I practice everyday to find some clever lines to say
         Am                 D7     Am     D7
to make the meaning come true
     Am                 D7            Am              D7
But then I think I'll wait until the evening gets late
     G           G6     G     G6
And I'm alone with you
     G                 G9           G                 G9
The time is right your perfume fills my head the stars get
         Cm6           Cm
and on the nights so blue
     Am              D7            Am              D7
And then I go and spoil it all by saying something stupid
```

Something Stupid

```
       G       G6      G      G6
like I love you
```

STRING SOLO
```
 G      G6      G      G6      Am      D7      Am      C#
 Am     D7      Am      D7      G      G6      G      G6
```

```
       G                      G9              G                      G9
The time is right your perfume fills my head the stars get
          Cm6                 Cm
and on the nights so blue
        Am                  D7              Am                  D7
And then I go and spoil it all by saying something stupid
          G         D#
like I love you
   G           D#
I love you
   G           D#
I love you
```
